J.LO THROWS OUT A-ROD!

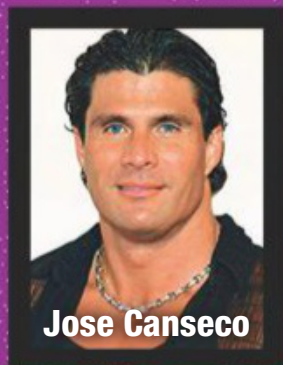

STRIKE three — A-Rod's out! Fed-up superstar Jennifer Lopez is giving sleazy fiancé Alex Rodriguez the boot amid new claims he bombarded a Playboy Playmate with desperate sexts and creepy pleas for a threesome, dished a source.

The disgraced former New York Yankees swinger — once the highest-paid baseball player on the planet — is now accused of sending British glamour model Zoe Gregory nude selfies weeks before he proposed to 49-year-old J.Lo with a \$5 million ring!

"There's only so much betrayal Jennifer can take," a source squealed. "It'll be a miracle if they get married after this!"

The National ENQUIRER first reported the 43-year-old sex

pest's bad behavior in 2017, when he chased former fitness model Lauren Hunter, 35, with late-night booty calls and X-rated videos.

Then, last month, retired ballplayer and fellow former steroid abuser Jose Canseco charged A-Rod was cheating on J.Lo with his ex-wife Jessica — and offered to take a polygraph test to prove it!

While Jessica blasted those claims as false, busty

Zoe stands by her story and insisted: "J.Lo doesn't deserve this."

Before their sexy messages fizzled out after Jan. 22, Zoe said the "dirty dog" showered her with compliments about her curvy figure and 36DD boobs — and sought trysts with her and another woman!

"He was asking me for sex videos, demanding we hook up and asking me to make arrangements with other girls," the 44-year-old pinup claimed.

Added Zoe, "If he is doing this right up until the point he is proposing to [J.Lo], it is just not fair."

Larry returning from cancer clinic visit

FRAIL and fragile Larry King practically had to be carried into his own home late last month after a visit to a top Los Angeles cancer clinic!

But photos exclusively obtained by The National ENQUIRER show his allegedly two-timing bride seemingly more concerned with taking selfies than her sickly husband's well-being!

The 85-year-old talk titan was seen stumbling out of the same cancer facility visited by Alex Trebek following the "Jeopardy!" host's grim pancreatic cancer diagnosis, which he announced on March 5.

"It's a clinic that specializes in that kind of cancer," a source exclusively told The

ENQUIRER. “They’re not in the business of giving out good news.”

Despite the dire circumstances, Larry’s much younger wife — 59-year-old Shawn — didn’t appear to have a care in the world on March 20 as her struggling husband cautiously climbed the steps outside his opulent 10,000-square-foot Beverly Hills mansion.

“There were three guys helping him walk, and all she seemed to care about is getting the right sunlight on her face so she could take her own picture!” a spywitness dished.

As The ENQUIRER previously revealed, Larry has been battling cancer since 2017, when he had part of his lung removed to prevent a growth in his chest from ravaging the rest of his body.

“If he has had a recurrence of lung cancer, or if it has spread to another organ, that would not be good and could bring a terminal

prognosis,” said Florida-based oncologist Dr. Jerome Spunberg, who has not treated the TV legend.

But despite Larry’s advanced age and health woes, his wife Shawn has a history of being anything but loyal!

As The ENQUIRER reported, Shawn carried on with a notorious Don Juan, trashing her hapless hubby in a series of sex-filled text messages and X-rated video chats — complete with sleazy nude photos!

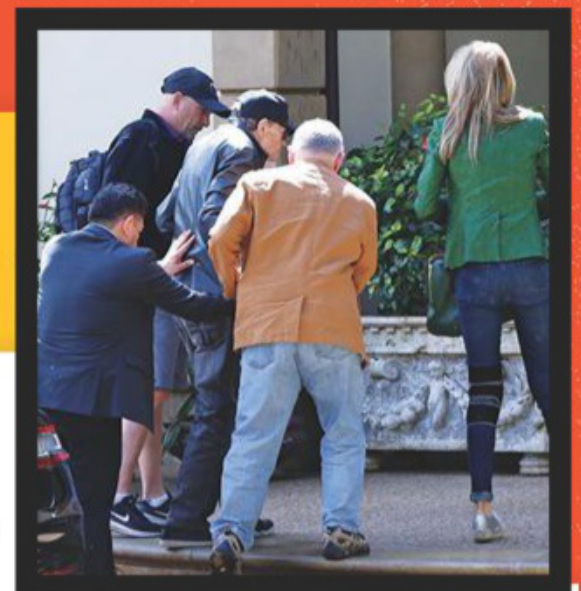

Insiders claimed Shawn ALSO enjoyed steamy afternoon sex sessions with her side sweetie — and even prepped the lothario to become the next “Larry King,” outrageously arranging for him to appear on her none-the-wiser hubby’s show!

“Their marriage is in name only,” said a well-informed source. **NE**

KATE DUMPS GA WILLIAM WANT

JEALOUS DUCHESS DISCOVERS HUBBY HAD HOTS FO

ROYALLY peeved Kate Middleton has banished one of her closest girlfriends from her inner circle over her too-close-for-comfort friendship with Prince William!

The Duchess of Cambridge is feuding with gorgeous former model Rose Hanbury, because she believes her husband, William, is crushing on the 35-year-old knockout!

"Kate's extremely jealous of Rose!" a well-placed Buckingham Palace insider dished to *The National ENQUIRER*.

"She's been told William has carried a steaming torch for Rose for years — and he even confided to pals she was the 'one that got away.'"

Before her marriage, willowy brunette Rose was besieged by admirers, according to sources.

"Rose has an aristocratic pedigree that made them an ideal match — and William has raised eyebrows with his comments about her grace and beauty!"

Whispers only recently reached Kate, 37, of her husband's rumored hots for Rose — who's been wed for nearly ten years to wealthy filmmaker David Rocksavage and holds the lofty title Marchioness of Cholmondeley, sources told *The ENQUIRER*.

The couples have been close since Kate and William moved to Anmer Hall, their country home

in Norfolk, in 2015 — with the royal kiddies, Princes George, 5, and Louis, almost 1, and Princess Charlotte, 3, even playing with Rose's three children, insiders said.

"They were best friends. They attended the same events, raised money for the same hospital, went on hunts together," added a source.

"And then came this bombshell! Kate and Rose had a 'terrible' falling out.

"Kate sees the friendship in an entirely different light now.

"She thinks about William flirting with Rose, and she's jealous and suspicious.

"Kate confronted William, demanding to know the truth about his relationship with Rose, but he just laughed it off, saying there was nothing to it.

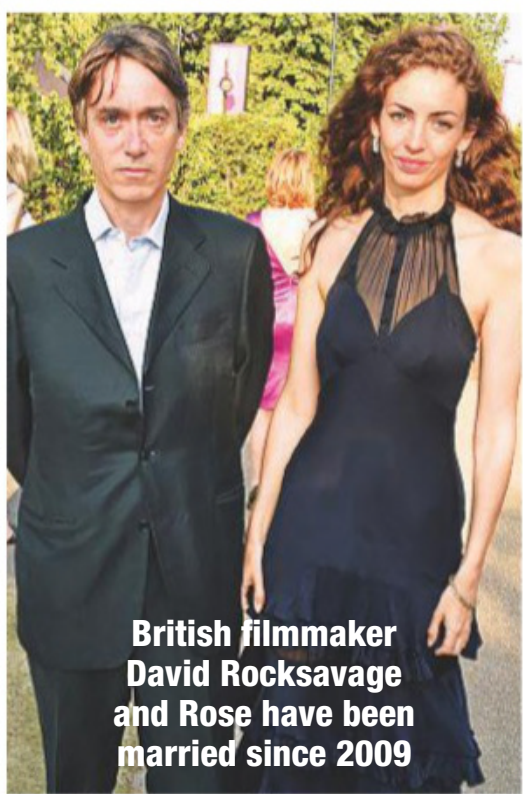

"Still, Kate will never forget it was reports of William's brazen cheating that broke them up in 2007 after four years together.

"She feels she's being taken for a fool and demanded her 'rural rival' be 'phased out' of their lives!"

Palace sources believe that Kate's trust in William was shattered by his reported wandering eye.

The playboy prince was caught on camera during his single days groping a raven-haired beauty during a boozed-up nightclub rampage before reportedly cozying up to a sexy blonde and taking her back to his army barracks!

Prince Harry sat next to Rose Hanbury at a 2017 banquet

British filmmaker David Rocksavage and Rose have been married since 2009

ALPAL TED! R EX-MODEL

"That was certainly a time when Wills went wild," said the insider.

"He was spotted often drinking, dancing and 'being flirty' with women around London.

"William has changed his ways since then, but he has remained close with Rose, which has fueled Kate's jealousy," according to a royal insider.

Upper-crust Rose's ties to the royal family go back decades.

Her grandmother Lady Elizabeth Longman was a childhood playmate of Queen Elizabeth and a bridesmaid at the monarch's wedding to Prince Philip in 1947.

Beautiful Rose even attended William and Kate's nuptials in 2011 with her 23-years-old husband — and was hailed as the best-dressed guest!

She also stole the show at Prince Harry's first-ever state banquet in 2017 and drew alarmed stares from the royals when she sat next to him wearing a dazzling tiara!

"Rose and her husband live in a stunning 106-room mansion that's barely four miles from the Cambridges' place in Norfolk," noted an insider.

"It seemed natural for the couples to become friends, and things worked well — for a while. Now that friendship is in tatters.

"William is shocked. He's never seen Kate's jealous side before!

"He wanted to play peacemaker since the couples share many mutual friends. But Kate's not having it. She wants to cut all ties with them!"

DRAGGIN' UP OLD NEWS OF 'THRONES' STAR'S DEATH SCARE

THE New Yorker thought it had a huge scoop when British actress Emilia Clarke revealed that she nearly died after a medical emergency — but The National ENQUIRER broke the news YEARS ago!

Way back in October 2013, The ENQUIRER first revealed the "Game of Thrones" star is lucky to be alive after a brain aneurysm required urgent medical attention at a Manhattan hospital.

At the time, sources said: "Everyone was so scared for her. She's so young, and nobody would have expected that she could be suffering from something so serious."

Fast-forward to a March 21 article in The New Yorker titled "A Battle for My Life," where the 32-year-old wrote about her private struggle after "a life-threatening type of stroke" nearly ended everything.

Describing her long road to recovery, she wrote: "If I am truly being honest, every minute of every day I thought I was going to die."

Emilia, who plays Daenerys Targaryen, the Mother of Dragons, on the blockbuster HBO series, confessed: "I was sure that the news of my illness would get out. And it did. Six weeks after the surgery, The National Enquirer ran a short story. A reporter asked me about it and I denied it."

But The ENQUIRER confirmed the story — proving once again that to get all the celebrity news first, stay tuned to The ENQUIRER! **NE**

Devoted follower Bella Cruise thanked her dad “for everything”

TOM & NICOLE'S DAUGHTER BARES FRANTIC MELTDOWNS & PUNISHING ORDEAL IN SCANDAL-SCARRED CHURCH

SCIENTOLOGY hot shot Tom Cruise's adopted daughter suffered an emotional collapse while struggling to achieve a top position in the religion!

Sources told The National ENQUIRER that while Tom is beaming with pride at 26-year-old Bella's devotion to the sci-fi cult, she endured years of isolation and grueling training to win his favor.

In an open email to fellow Scientologists after earning the lofty status of church “auditor,” Bella wrote: “I was overwhelmed before I started. It's hard work. It's a lot of effort. It's ... meltdowns and running to the bathroom to have ... an episode.”

But Bella also admitted becoming an auditor “made” her a Scientologist.

“This is what I had been searching for. The missing piece. Suddenly everything began to make sense,” wrote the newly crowned Scientology princess.

Bella also gushed over her father, church leader David Miscavige, its founder L. Ron Hubbard and her aunt, Tom's sister, Cass Mapother, in an official church promotion, saying,

Tom has dictated his daughter's life, spies said

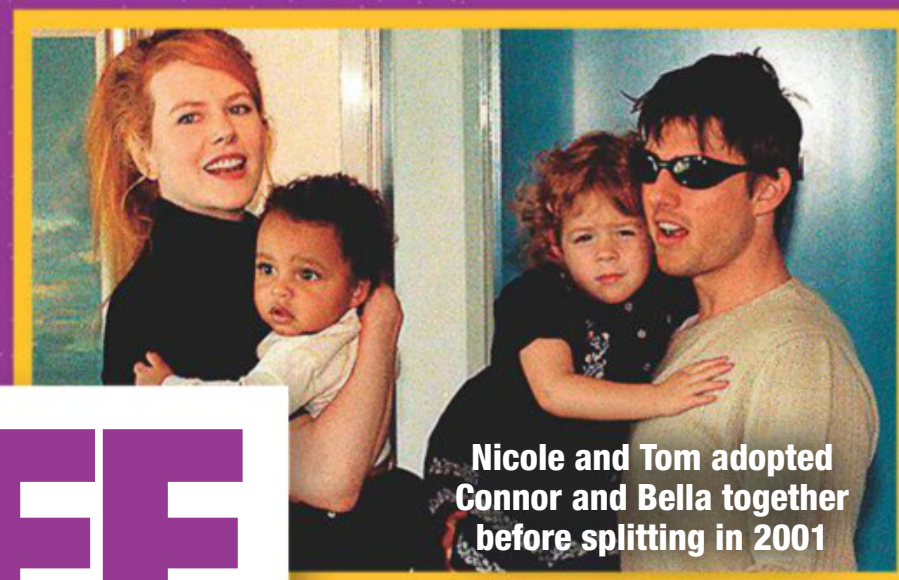

“It took a whole family and [organization] to get me here.”

Scientology auditors are high-ranking officers who indoctrinate new members into the church. But the punishing training is a “brutal” physical and mental ordeal that often reduces candidates to tears, according to an expert on the religion.

Adding to that agony, spies said Tom and the scandal-scarred church have strictly dictated Bella's life!

In a slap in the face, Tom and Bella's brother, Connor, also a Scientologist, boycotted her 2015 wedding to technology consultant Max Parker.

“Tom and Connor weren't

big fans of Max,” an insider spilled. “Yes, Max is a Scientologist, but he didn’t practice the religion seriously.”

Bella’s mother, Nicole Kidman — who adopted her and Connor, now 24, while married to Tom — was also absent from her wedding. But sources claimed that wasn’t her choice.

Nicole is also expected to be snubbed when Connor weds an unnamed handpicked Scientologist, according to the insider.

“Tom and his kids would never consider inviting Nicole to the wedding because she’s considered a ‘suppressive person’ by the church — and Tom doesn’t want her there,” said the source.

An insider said: “As Bella’s involvement with Scientology UK becomes more prominent, Nicole is being pushed away. It’s a cruel punishment.”

Although Bella has claimed to be close with her mom, the two have reportedly not seen each other in years.

Nicole recently admitted to being heartbroken over her estrangement from Bella and Connor, saying: “They are adults ... They have made choices to be Scientologists and as a mother, it’s my job to love them.”

TRAVOLTA’S DREAM CRUISE ON RELIGION’S NIGHTMARE SHIP

Cult’s cruise liner Freewinds was hotbed of fanaticism, said staffer

The A-list actor chatted with singer Maxine Nightingale

HE SAILS IN LUXURY AS FAITH’S CHEERLEADER — BUT OTHER BELIEVERS SWEAT IN ENGINE ROOM

NEVER-before-seen pictures of Scientology devotee John Travolta show the Hollywood star in the early ’90s rallying fellow worshippers on board the church’s cruise ship, Freewinds — where sources claimed members are “almost worked to death!”

The actor, now 65, was photographed leading what an insider called a Scientology “pep rally” for the devout who pay as much as \$1 million to cruise the Caribbean.

In exclusive photos obtained by The National ENQUIRER, John is seen with “Right Back Where We Started From” hitmaker Maxine Nightingale, who served as singer in the luxury cruise liner’s band.

Meanwhile — unbeknownst to John and other elite guests — members of the church’s Sea Org paramilitary

wing, including some allegedly as young as 12, were forced to toil as punishment in the ship’s engine rooms, said sources.

Former Freewinds engineer and administrator Scott Campbell, 56, said he was tasked with picking up John, a senior church member, from an Aruba airport for his visit to the docked ship.

But Scott said the suffering he endured after John’s visit nearly killed him!

Scott said by 1993 he had been labeled a troublemaker after voicing his opinion that the ship seemed to be more a

moneymaking operation than a religious retreat.

That’s when he said he was hypnotized, drugged, starved, deprived of sleep and driven to a breakdown!

“At one point I went without eating or drinking anything for a week,” charged Scott, who claimed he was dosed with sedatives and worked more than 100 hours a week!

But he said he ultimately cracked from heartbreak over being kept from visiting his dying grandmother — and finally escaped Scientology’s clutches.

Despite his harrowing tale, Scott said John was unaware of the ship’s so-called horrors and added, “Guys like Travolta are kept isolated from anything like that.”

John’s reps also told The ENQUIRER the actor had no knowledge of the alleged abusive acts.

The Church of Scientology denied The ENQUIRER’s story. The website for the ship describes a “calm and friendly atmosphere” and an “incomparable sailing experience.” Scientologists on board have contributed

“tens of thousands of volunteer hours to church-supported humanitarian missions,” according to the site, and the ship’s “highly trained and experienced” crew “are a model of quality, service and safety” in the maritime community. *NE*

MY TWISTED MARRIAGE TO TRAIN-WRECK WENDY!

DAYTIME diva Wendy Williams' first husband is dishing dirt about their passionate sex life — and her cheating ways — as the troubled talk show host continues her struggle for sobriety amid reports her current hubby's alleged mistress had a baby girl!

Bert Girigorie — who was with the TV chatterbox from 1992 to 1995 — claimed their relationship was initially driven by sex and they had “a lot of fun together.” But after they wed in 1994, he said things rapidly went downhill!

He told *The National ENQUIRER*: “She just turned into a different person. I didn't understand a lot of things she did ... The relationship became very strained.”

Bert claimed the newlyweds had a furious fight on their honeymoon in Rio when disc jockey Wendy, who now earns \$15 million a year on TV, wanted to go out at night on her own. He said he didn't realize she was using drugs —

though she later admitted to a cocaine habit — but looking back, he said some of her behavior seemed suspect.

Though after their divorce, Bert said he heard rumors about wildcat Wendy stepping out with other men!

He added: “Several people came to me with stories about her being with other people.

“She would stay out all night

FIRST HUBBY TELLS ALL ABOUT SEX, DRUGS & CHEATING

... and she didn't offer any explanation. And that pissed me off.”

Bert claimed he later learned Wendy was having an affair with someone prominent in “entertainment and media,” but he refused to identify the now-married man.

Her ex said he was also hurt by claims in her book, “Wendy's Got the Heat,” which reported he physically abused her — charges he insisted are not true.

Bert's bombshell comes during a rocky time for the 54-year-old, who admitted on the March 19 episode of “The Wendy Williams Show” that she'd enlisted the help of a sober coach and was living in a NYC halfway house.

But days later, sources said she signed herself out of the facility and began boozing it

up before being brought to a hospital for treatment on March 25.

The reported relapse came hours after she was spotted without her wedding ring, while Kevin Hunter — her husband of 21 years — was said to be with rumored galpal Sharina Hudson, 34, as she gave birth in Philadelphia.

Sources whispered the pill-popping blabbermouth's backslide at the end of last year was prompted by her troubles with Kevin — and the suspicion that he's the father of Sharina's baby.

But Bert said he hopes his ex can kick her demons — despite their difficult history — and added: “I hope she and all the other folks struggling are able to overcome it for their own sake and for their family's sake.” *NE*

STAGE MOM FROM HELL!

TORTURED ADOPTED KIDS TO PERFORM ON YOUTUBE SHOW - COPS

A TWISTED Arizona stage mom brutally tortured her seven adopted children, cops said — forcing them to portray a happy home life on her YouTube kids show!

Wicked witch Machele Hobson, 48, earned a whopping \$1.25 million for the show “Fantastic Adventures” while allegedly beating and starving the kids, officials said.

“I either get beat with a hanger or belt ... or a brush ... or get pepper sprayed from head to toe,” one child told authorities.

While making a welfare check at her home on March 13, Maricopa police found one child wearing only a soiled diaper and locked in a closet. The other six children were grossly malnourished and underweight.

The kids — all under the age of ten — told police that their bathroom use was often restricted for days at a time.

One boy reported that if he couldn’t remember his lines, Hobson would pinch the tip of his penis so hard she drew blood, police said.

One girl told police

Hobson had used pepper spray on her genitals as punishment.

Hobson also used ice baths and held the kids’ heads underwater as punishment.

Hobson, who denied all the allegations, was charged with two counts of child molestation, seven counts of child abuse, five counts of unlawful imprisonment and five counts of neglect.

Her two biological adult sons, Ryan and Logan Hackney, were also arrested and face charges for failing to report abuse. They were released and due back in court April 8.

TRUE CRIME

JACKSON KIDDIE SEX TRIAL JUROR CONFESSES AFTER 14 YEARS:

MICHAEL WAS GUILTY

- BUT I WAS BULLIED INTO LETTING HIM GO!

NEWS

PERVY pedophile Michael Jackson was proven guilty of child sexual molestation at his 2005 criminal trial — and the jury knew it!

That's the shocking claim of one juror in the bombshell case — that ended with the superstar acquitted on ten felony charges involving sexual abuse of a 13-year-old cancer victim.

In an exclusive National ENQUIRER interview, 93-year-old Eleanor Cook said she believed the “Thriller” singer was guilty, but other jurors pressured her into changing her mind.

“I definitely thought he was guilty with all my heart and soul,” Eleanor told The ENQUIRER.

“In the end, it came down to two people — me and one man.

“We were the only ones that maintained he was guilty — and we fought it to the end.

“I was bullied pretty badly into making the decision.

“We finally looked at each other and said, ‘What the hell!’ These stupid people aren’t budging! You can only stick with it so long.”

**ENQUIRER
EXCLUSIVE**

Eleanor blamed the other ten jurors of being so starstruck by the “Beat It” big shot that they failed to properly evaluate the evidence presented in Santa Barbara County Superior Court.

She also felt dancer Wade Robson, who testified to Michael’s innocence, was

lying to protect him. In the recently released HBO documentary “Leaving Neverland,” Wade admitted that he lied in court and detailed how he was sexually abused by Michael as a preteen.

Another alleged victim, James Safechuck, also described his abuse

at Michael’s hands in the film, which has left the late King of Pop’s reputation in tatters.

Eleanor said she felt Michael “should have been sent to jail” and “punished” for his alleged crimes, but she also admitted she “felt sorry” for the “Billie Jean” star because of his upbringing.

“Yes, he was guilty, and he did a lot of that stuff. But he had a hard life,” she told The ENQUIRER.

“His father mistreated him — and that came out in court.”

OUTRAGE OVER BABS' & DIANA'S SUPPORT

MICHAEL JACKSON is wreaking havoc from beyond the grave, with fans blasting Barbra Streisand and Diana Ross after they expressed support for him!

Amid the fallout from the documentary “Leaving Neverland,” 75-year-old former Supremes singer Diana praised Michael as a “magnificent, incredible force to me and to many others.”

In a bizarre statement, Oscar winner Barbra, 76, said, “His sexual needs were his sexual needs. You can say ‘molested,’ but those children ... were thrilled to be there.”

She was later forced to clarify her statement, noting: “There is no situation or circumstance where it is OK for the innocence of children to be taken advantage of by anyone.” **NE**

DRIVER CROSSES U.S. TO DELIVER AILING BOY HIS BELOVED POOCH!

A GOOD Samaritan drove all the way from North Carolina to Utah to reunite a homeless boy suffering from a brain tumor with his beloved dog!

Eight-year-old Perryn Miller and his family were visiting relatives in Utah for the holidays after their home was virtually destroyed by Hurricane Florence last fall.

But while they were there, he began experiencing blinding headaches, and after a trip

The Millers received an outpouring of goodwill after word of Perryn's struggles spread like wildfire on social media, but one man took that kindness one step — and 2,300 miles — further!

Former long-haul truck driver and total stranger Bob Reynolds was so touched by Perryn's story, he offered to

NATALEE HOLLOWAY MURDER MOTIVE REVEALED!

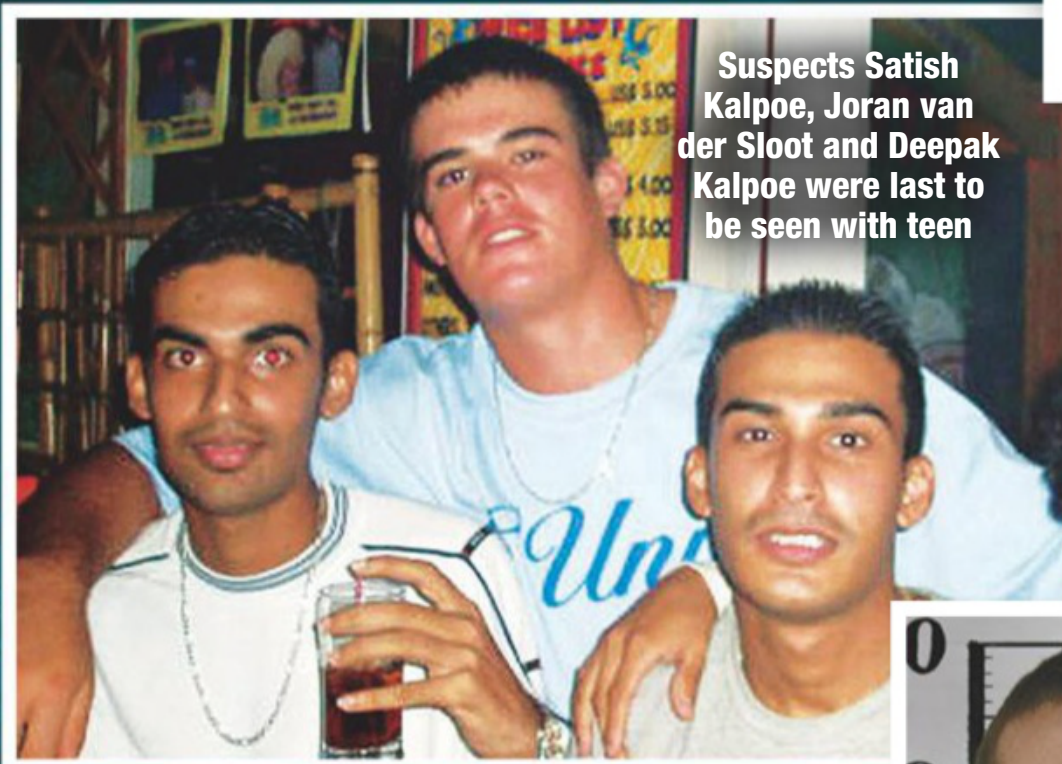

HOW ARUBA COPS BURIED EVIDENCE & LET KILLER WALK

T EEN beauty Natalee Holloway was just hours from flying home after a school trip to the exotic Caribbean island of Aruba when she was shockingly abducted and murdered. Her body has never been found.

Now, 14 years after the crime that stunned the world, a blockbuster National ENQUIRER special report exposes the chilling motive for her death, how the prime suspects played investigators for fools and the damning evidence Aruba's cops buried deep in their secret files.

According to a top profiler, 18-year-old Natalee trusted the wrong people.

"I believe Natalee died when she made a fatal mistake — thinking it was OK to leave the safety of her friends and go off with a charming, upper-class boy who suddenly turned into a raging monster," Pat Brown — author of "Killing for Sport: Inside the Minds of Serial Killers" — told The ENQUIRER.

Suspects Satish Kalpoe, Joran van der Sloot and Deepak Kalpoe were last to be seen with teen

Natalee had never had a serious boyfriend and was described by friends as "innocent." She was on a four-day post-graduation trip with students from Mountain Brook High School, near Birmingham, Ala., when she vanished May 30, 2005.

The petite five-foot-four blonde left Carlos'n Charlie's nightclub in Oranjestad at about 1:30 a.m. with towering six-foot-four teen Joran van der Sloot and brothers Satish and Deepak Kalpoe, then 18 and 21, respectively.

As Natalee climbed into Deepak's silver Honda, she called out: "I'm going to ride back to the Holiday Inn!"

The bubbly teen was never seen again.

Brown is convinced Natalee was killed for rejecting Dutch-born Joran's advances. The privileged son of a lawyer,

17-year-old Joran was already a gambling addict and boozier with an anger problem.

"He was used to getting what he wanted," explained Brown. "He'd be thinking, 'You came with me ... what do you mean you won't do it?'"

"That leads to rage — and I believe Natalee was strangled."

But there's been no justice for the American honors student.

Aruba cops have been blasted for bungling the investigation into her disappearance and burying damning evidence.

They allowed Joran's father, Paulus — a trainee judge

with powerful connections who died in February 2010 — to sit in on his son's initial

interrogation and change Joran's written statement!

"It was the start of a shocking cover-up," charged former U.S. Secret Service agent Art Wood.

"We'll never know what Joran admitted to. His original statement has mysteriously vanished."

Police botched the probe by waiting three days to put the prime suspects — Joran and the Kalpoes — under surveillance and ten days before arresting them, giving them time to cover their tracks, added Brown.

Authorities released the Kalpoes after a month, while police continued to grill Joran.

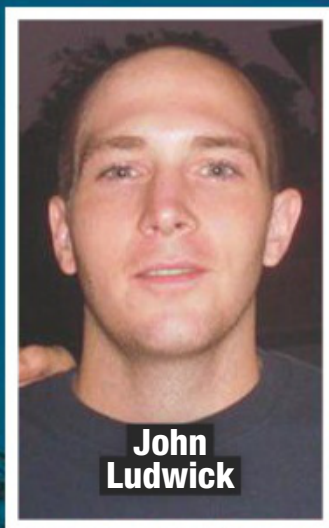

Aruba's lead investigator, Deputy Chief Gerold Dompig, has admitted there were "several moments" when Joran "almost broke."

But after three months, the interrogators gave up! And Joran — described as a "sociopath" capable of lying about "basically everything" — was freed Sept. 3, 2005.

The three suspects were detained again in 2007, but without Natalee's body, prosecutors didn't have enough evidence to file charges. The Kalpoe brothers, who were repeatedly released for lack of evidence, insist they had nothing to do with Natalee's disappearance or death.

However, on May 30, 2010 — exactly five years after Natalee disappeared — authorities in Lima, Peru, had plenty of proof that Joran murdered pretty Stephany Flores, 21.

He was sentenced to 28 years in maximum-security Challapalca prison. In 2016,

John
Ludwick

then-31-year-old Joran finally confessed to murdering Natalee, but he refused to reveal her body's whereabouts.

The case made headlines again in 2017, when John Ludwick — a close pal of Joran — claimed

on the TV miniseries "The Disappearance of Natalee Holloway" he'd helped Joran dispose of the teen's body.

In a bizarre twist, 32-year-old Ludwick was stabbed to death in Florida in March 2018 when he tried to kidnap a woman from her vehicle, according to police.

Today, Joran, who is still rotting in Peruvian prison, faces felony charges in the U.S. for extorting Natalee's family for \$25,000, saying he would reveal where he stashed her body if they paid up — and even mocked Aruba's clueless cops in his 2016 confession.

"They never knew the right questions to ask me," Joran gloated. "That was one of the worst police investigations ever." **NE**

SPECIAL REPORT

BIN LADEN NIECE HIDING OUT AS ROCKER!

O SAMA BIN LADEN'S niece is secretly living the high life — as a party-mad regular at bondage-themed sex club nights and the frontwoman of a kinky all-female rock band!

That's the shocking finding of an exhaustive National ENQUIRER investigation that tracked down Wafah Dufour — who went into hiding nearly 13 years ago after her romance with "The Voice" coach John Legend fizzled and her goal of achieving music stardom failed!

The 43-year-old former socialite adopted her mother's last name after reportedly fleeing New York only weeks before her blood-thirsty uncle ordered the heinous 9/11 attacks.

In a blockbuster exclusive, The ENQUIRER snapped the first photos of Wafah in more than a decade at a performance of her band, Deep Tan, on March 9 at a London club.

"At first, everyone had sympathy for her and thought she was a nice kid with an unfortunate family connection," dished a friend.

"But Wafah is an extremely

wealthy girl who is used to getting what she wants and having people jump at her every word.

"She kept saying, 'Poor me, I have no family because I left to pursue my dream.' But she has no family because her uncle is a terrorist!

"She's a spoiled rich girl and it's wearing thin. This new image of being a struggling indie artist isn't fooling any of us."

Wafah was born in America but raised in Saudi Arabia, and sources said she keeps her family tree under wraps.

The tattooed rocker, whose ink includes Kermit the Frog smoking pot, has insisted she only met her terrorist uncle once and "loves" America.

Her band's publicity material even implies it's London-bred, describing Deep Tan as "a Hackney-based trio," referring to a once crime-ridden London borough that's now synonymous with hipsters and activists.

One of Wafah's bandmates

is singer/guitarist Celeste Guinness — an heir to the Guinness beer empire.

The ENQUIRER has learned the two women are regulars at wild BDSM-themed club nights in London — hosted by Wafah's close pal Celeste.

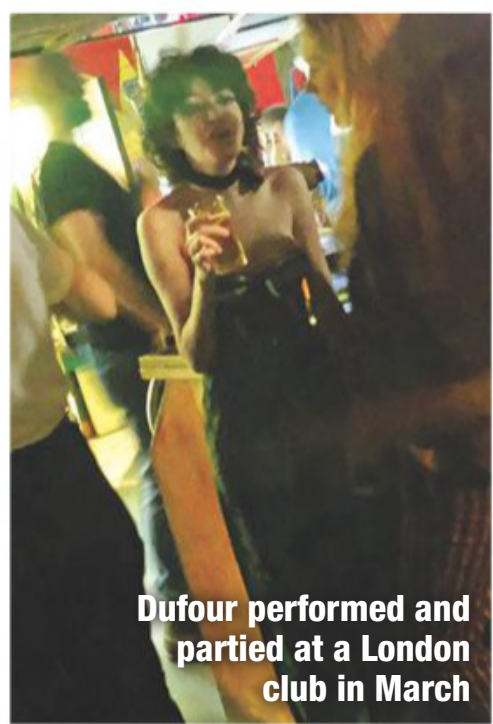

Last year, Wafah performed in a rundown pub on the eve of the 17th anniversary of 9/11 while wearing a leather

choker around her neck, sources said.

During their March 9 gig at The Windmill Bar, the band sang lyrics about setting

people on fire, lesbian lovers “staining” each other’s lips and people disappearing like air. The girls boozed it up after their performance, and then cozied up together in the back seat of a cab.

The ENQUIRER approached Wafah, but she denied our request for an interview.

Sources said Wafah, who once rubbed shoulders with A-listers in Hollywood and Europe, sleeps above a pub in a small room — a common practice for struggling artists who perform in exchange for rent-free digs.

In her previous quest for stardom, Wafah was spotted partying with the rich and famous, hobnobbing with Jade Jagger and Jerry Hall at a trendy nightclub and attending charity affairs with the likes of singers Rod Stewart, Phil Collins and Natalie Imbruglia.

Wafah also reportedly

collaborated with Madonna’s producer Nellee Hooper, but an industry source said her birth name thwarted her dream of landing a record deal.

“There’s only one worse name she could have, and that’s Hitler,” the source said.

Wafah’s father is the late Al-Qaeda chief’s half-brother Yeslam. She was born in Los Angeles, but later moved to Saudi Arabia, and then Geneva, Switzerland, with her parents.

After earning a law degree at Geneva University, Wafah went on to get a master’s degree from Columbia Law School in New York.

In the past, she’s said her evil uncle would “die” or have “a heart attack” if he knew about her lifestyle and musical performances, which would have gotten her stoned to death under the strict Sharia law he was hell-bent on imposing on the world.

In a 2006 interview, Wafah claimed she broke down while watching the 9/11 carnage on television.

“I wanted to disappear. I was freaking out, crying hysterically, watching this in horror,” she said.

“I was like, ‘Somebody’s bombing my city, and I wanna go home!’ ” **NE**

VICIOUS BATTLES BEHIND 'THE VIEW!'

HOSTS REVEAL REIGN OF TERROR UNDER BARBARA WALTERS

CATFIGHTS, betrayals, vendettas and tears!

That was life on "The View" — which was more a steel cage match than a lady's coffee klatch, according to a shocking new book.

Legendary newswoman Barbara Walters, now 89, launched the chat show in 1997 — and ran roughshod over a string of co-hosts, including Rosie O'Donnell, Jenny McCarthy and Elisabeth Hasselbeck, according to the new book "Ladies Who Punch: The Explosive Inside Story of 'The View,'" by Ramin Setoodeh.

Blond bombshell Jenny revealed Barbara screamed at her for seven excruciating minutes backstage for optimistically claiming autism could be cured.

"I went back to my dressing room not knowing what the f--k to do," said Jenny, according to the book.

"One of my heroes just chewed me a new a--hole, and I'm going on

live TV."

Outspoken conservative Elisabeth once even stormed off the set after Barbara lectured her on the air during an argument about abortion!

"This woman is driving me nuts," Elisabeth said, according to the book. "I'm not going back. I can't do the show

like this. She just reprimanded me, and she knew exactly what she was doing. Goodbye! I'm off. Read about that in the New York f--king Post!"

Enraged Barbara also once fired current co-host Joy Behar when she believed Joy leaked news Rosie was making a return appearance on the

show. Barbara later changed her mind, wrote Setoodeh.

Though Barbara openly battled with Rosie, both on and off the air.

"Rosie was running around telling the staff that Barbara Walters, at 77, was 'much too old to be on TV,' and accused her of being a bad mother!" wrote the author.

Rosie, who burned her bridges after two separate stints on the show, also clashed with executive producer Bill Geddie so often, he took a temporary leave of absence to get away from her, claimed Setoodeh.

And despite endless feuds with Elisabeth, Rosie revealed in the book that she had "a little bit of a crush" on her and there were "underlying lesbian tones on both parts."

After reading her comments, a disgusted Elisabeth snapped: "That is disturbing, and it's wrong."

Still, Rosie also claimed to be a victim, insisting: "Whoopi Goldberg was as mean as anyone has ever been on television to me."

Whoopi seemed to share the negative feelings. The author said Goldberg hated the book's cover "because it featured an illustration of her sitting at the same table as Rosie." *NE*

HOLLYWOOD SHAKING AS FIXER PELLICANO'S SPRUNG FROM PRISON!

HARD-NOSED private eye Anthony Pellicano has been quietly released from jail after serving 15 years — and Hollywood insiders are terrified he'll spill their secrets!

The Tinseltown gumshoe — known for spying on or working for A-listers including Tom Cruise, Sylvester Stallone, Michael Jackson, Courtney Love and Chris Rock — was met with no fanfare or family when he walked out of a California jail on March 22, his 75th birthday.

Instead, National ENQUIRER spies spotted his daughter, Josi, 27, over 100 miles away as she checked into a swanky hotel while promoting her lifestyle brand, seemingly oblivious her father was free.

The notoriously short-tempered and unpredictable

**FEARED PRIVATE

Pellicano — who has four daughters with the first of his three wives — was jailed for a host of crimes including wiretapping and intimidation.

Testimony at his trial alleged the Hollywood fixer had offered to have a producer murdered and kept a baseball bat in the trunk of his car.

"He is a very intimidating character. He was never hesitant to get his hands dirty to resolve a dispute. Certain

people in Hollywood respected him for that," tattled a source.

"He was always discreet. It was only toward the end when he started to get sloppy. That's what got him caught."

In jailhouse interviews, Pellicano made it clear he would be expecting payback because he never snitched on anyone during his time inside.

In 2008, he said: "A lot of people are quaking that I'm going to disclose a lot of things when I get out. They'll just have to keep quaking, won't they?"

According to sources, since Pellicano's release a host of his old-time buddies and clients have pitched in to create a six-figure fund to keep him from struggling — and prevent the super-spy from blabbing.

"He's owed money by several high-profile clients

from before he went away. And he's got every intention of collecting those bills now," the source added.

"He's also been away for 15 years, which has been more than enough time to write an explosive book. He may not have snitched, but that doesn't mean he's not going to cash in if the powerful pals he's protected this whole time don't look after him." **NE**

GWYNETH'S KINKY SECRETS FOR SALE!

SEX-MAD Gwyneth Paltrow is a freak between the sheets, pals said — and the bondage goodies sold on her website reflect her raunchy personal tastes!

“Gwyneth’s always had a sexually daring streak that she likes to let loose behind closed doors!” snitched a source close to the “Iron Man” hottie.

The 46-year-old Oscar winner’s lifestyle site, Goop, offers a handmade lingerie set with a “saddle leather bra [that’s] what BDSM fantasies are made of!”

The site also features a \$240 whip described as a “leather flogger ... with edgy studs” and 16 tails of leather that’s “handmade in England and perfect for play.”

“They could have come from Gwyneth’s personal collection,” the source snitched. “She loves whips and corsets and has plenty of sex toys.”

The star’s lifestyle brand previously raised eyebrows by promoting such bizarre trends as vaginal steaming and coffee enemas.

And according to the source, the mother of two and second hubby Brad Falchuk always bring along a bag of erotic goodies when they travel!

“Gwyneth loves to get wild and kinky when she and Brad are going at it!” spilled the insider.

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

ROSIE ROASTED FOR BRANDING HASSELBECK 'A BIT GAY'

READERS of The National ENQUIRER had no problem agreeing that Rosie O'Donnell was out of line for her shocking comments about her former "View" co-star Elisabeth Hasselbeck.

In a new book, Rosie boldly confessed that due to Elisabeth's former background as a college athlete, she was definitely "a little bit gay."

After reading her comments, Elisabeth said: "That is disturbing and it's wrong."

"I can handle that with the grace of God because I need grace and I need forgiveness. So Rosie, I think it was disturbing to read those things and it was offensive to me, but I forgive

her. I totally forgive you, Rosie," she said. But fans still think Rosie was completely wrong!

Just 16 percent of those polled at nationalenquirer.com said Rosie was free to express her opinion. The remaining 84 percent think Rosie should be ashamed of herself for making comments that could be construed as sexist and could cause problems in Elisabeth's 17-year marriage to former NFL player Tim Hasselbeck! **NE**

MUST-HAVE MEDICAL SCREENINGS!

WHEN YOU SHOULD GET THEM — AND HOW TO FIND THE BEST PRICES FOR DRUGS

STAYING healthy is job one! Here, according to Dr. Holly Phillips, Medical Expert for RxSaver by RetailMeNot, are the top screenings that should be on your radar, tips on how to manage the cost of meds, and more!

Q At what age should I start doing yearly screenings?

A Many different screening exams are available, and the frequency and age at which you should start them depend on several factors, including your health history as well as family history. Here are some tests and general guidelines.

FOR MEN AND WOMEN:

- Body mass index — yearly starting at age 18
- Blood pressure — yearly starting at 18
- Cholesterol — regularly starting between 30 and 35 (earlier if concerns)
- Blood sugar — regularly starting at 40 (earlier if concerns)
- Colonoscopy — starting at 50 (variance in frequency and age of onset)
- Aortic ultrasound — once between 65 and 75 (earlier if concerns)
- STD screen — yearly depending on sexual activity

FOR WOMEN:

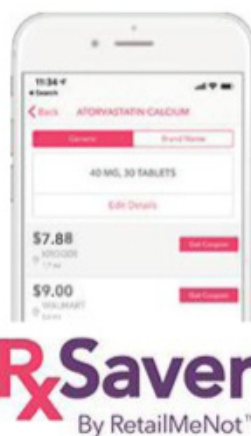

- Pap smear — every three

years starting at 21

- Mammogram — every two years starting at 40 (earlier if concerns)
 - Bone density — starting between 60 and 65 (earlier if concerns)
- FOR MEN:**
- Testicular — yearly starting at 18
 - Prostate — yearly starting at 50 (earlier if concerns)

Q How can I find the best price on my prescription medication?

A If you want to know the cost of your prescription **BEFORE** you buy, check out RxSaver, a website and app that helps you get the best price on your medication. RxSaver puts control back in your hands and lets you compare prices at pharmacies near you to make sure you're getting the best

price available — whether you have insurance or not! Simply enter a drug name to compare prices then choose the best price and location that is most convenient for you to save up to 80 percent. Find more info at rxsaver.com.

Q What if I'm prescribed a medicine and I don't like the side effects? How long does it take for side effects to subside?

A All medications have both effects and side effects. Side effects vary widely from person to person and are, of course, based on each different medication. In certain cases, side effects are expected and wane over time. For example, certain antidepressant medications cause fatigue when first started, which dissipates over the course of several weeks. Other side effects are sudden and considered medical emergencies, such as an anaphylactic allergic reaction to antibiotics.

Q Are there any interactions between prescription drugs and over-the-counter medications?

A Yes, interactions between prescription and over-the-counter medications are frequent and can be dangerous. For example, taking certain types of OTC acid-reflux medications can block the effectiveness of prescription antibiotics. Be sure to discuss all medications you are taking with your doctor, including OTC and herbal remedies.

SLEEPING PILL BREAKTHROUGH!

THE same cells that control sleep are also linked to aging and illness, according to an Oxford University study. Scientists claim the research can help them develop new sleeping pills without the addictive effects of current meds. Prof. Gero Miesenböck, who led the research, said: "Existing medications carry risks of confusion, forgetfulness and addiction. Targeting the mechanism we have discovered could avoid some of these side effects."

CHEER UP WITH TOAD VENOM!

LSD is so yesterday! Patients given venom from the Colorado River toad went on a psychedelic "trip" that improved their anxiety and depression levels, according to researchers at Johns Hopkins University. A drug extracted from the venom reacted with serotonin receptors in the brain, triggering mood-elevating "mystical" experiences that lasted up to 90 minutes. Scientists hope the experimental drug will prove to be a quick-acting way to reduce the symptoms of crippling mental health problems.

CAR FUMES SCREW UP SEX!

BAD air can lead to poor performance in the sack! According to new research, toxic fumes from cars can cause erectile dysfunction. Inhaling poisonous particles may trigger inflammation in blood vessels and deprive men's genitals of oxygen, preventing an erection! "If the oxygen levels in blood reaching a man's genitals is substantially reduced due to exhaust fumes, he's much more likely to suffer erectile dysfunction," said Dr. Geoff Hackett, chairman of the British Society for Sexual Medicine.

Recently discovered ingredient promotes MORE HAIR GROWTH

Tocotrienols, found in palm fruit, are known as super antioxidants and are now showing positive results in promoting hair growth. They work by lowering scalp oxidation and may allow for better—and new—hair growth.

Several studies done at the University of Kuala Lumpur in Malaysia have shown significant increases in hair count. The findings have been published in scientific journals to inform health care professionals worldwide, about the amazing results.

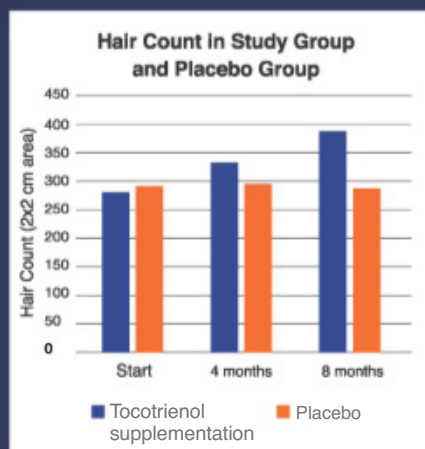

The US patented tocotrienol complex is now available in the US through the product Hair Gro™, by New Nordic, and sold at most Walgreens pharmacies and online.

STUDY RESULTS

Researchers studied an area of the scalp equal to 2x2 cm and counted the hairs at the beginning of the study, at 4 months and at 8 months. At the end of the study, the participants on the tocotrienol supplement had gained on average 34.5% more hair or an increase in average hair count from 285 to 383 hairs.*

*Tropical Life Sciences Research 2010 "Effects of Tocotrienol Supplementation on Hair Growth in Human Volunteers" Beoy, Woei and Hay, University Sains Malaysia.

HAIR GRO WORKS!

Steffani experienced higher-than-usual hair loss due to stress. "I was concerned as I noticed a drastic difference in the thickness of my hair, so I went looking for help."

"My mother had used New Nordic's hair products with great success, and she had seen the new Hair Gro™ product in stores. I went online and read about how the ingredients were clinically shown to stimulate new hair growth. I was excited.

I planned to take Hair Gro for just a few months, but my mother reminded me that hair takes a while to react. I'm glad I listened to her because after 4-5 months, I started to notice an increase in growth and it was easier to grow the hair longer. My friends even noticed the difference.

Now I feel so confident and happy about my hair, thanks to Hair Gro. I highly recommend this product to anyone with thin hair."

There was an intruder on Hilary's Beverly Hills property!

According to insiders, the couple consulted with a risk assessment team, which recommended installing a battery of cameras around the perimeter of their Beverly Hills property, hiring round-the-clock guards, and constructing an impenetrable "safe room" in their mansion for the baby.

The source said the entire project will set them back a staggering \$645,000, adding: "Hilary and Matt will spare no expense to ensure baby Banks is completely secure."

HORRIFIED HILARY HIDES BABY IN \$645G SAFE ROOM!

TERRIFIED Hilary Duff plans to turn her home into a pricey state-of-the-art fortress for her infant daughter after catching a prowler lurking in her backyard!

Sources said the former "Lizzie McGuire" star and baby daddy Matt Koma, both 31, came face-to-face with the intruder on March 25 and scared him off before calling 911.

"Hilary and Matt are paralyzed with fear for the safety of their six-month-old daughter, Banks Violet Bair," an insider spilled.

"They're convinced that the intruder was after the baby and they're doing everything possible to keep her safe!"

Nicolas with Erika Koike

WHAT HAPPENS IN VEGAS? CAGE'S NEXT WEDDING!

OSCAR winner Nicolas Cage has set the stage for a lavish Las Vegas wedding with his latest squeeze, insiders said!

The "Face/Off" star, 55, and makeup artist Erika Koike, 34, have obtained a marriage license two years after The National ENQUIRER caught his last wife, Alice Kim, getting cozy with a local bartender!

Nic quietly split from Alice — mother of his 13-year-old son Kal-El — shortly after that, and last year he described being single at his age as "pretty grim."

The "Ghost Rider" star was wed to actress Patricia

Arquette, 50, from 1995 until 2001 and Lisa Marie Presley for three months in 2002.

He was first spotted with Erika while making a movie in Puerto Rico in April 2018, but they've been seen together in public only a handful of times.

Pals have speculated that Nic, an Elvis Presley fanatic, may recreate the iconic scene in his 1992 rom-com "Honeymoon in Vegas," where his character tied the knot with Sarah Jessica Parker's character in a white Elvis jumpsuit. *NE*

Beauty brands

LORI LOUGHLIN'S daughter lost her gig as a "social media influencer" after the "Full House" star was busted in a college bribery scandal — and legal experts said the spoiled rich kid could take her mom to court!

Sources said Olivia Jade Giannulli, 19, is furious after the actress and designer hubby Mossimo Giannulli were busted for allegedly forking out half a million bucks to get Olivia and sis Isabella Rose, 20, into USC.

"Olivia never wanted to go to college in the first place," spilled an insider.

"She begged her parents to let her focus on her career as a blogger, but they were determined to have their

girls go to college, no matter what they had to do to make it happen!" Now, after dropping out of school and being dumped by beauty brands Sephora and TRESemmé, Olivia believes her parents "ruined everything."

"She has a legitimate claim," said New York-based attorney Peter Gleason. "If the mother negatively impacted her career, there is definite cause for action and this should be an eye-opener for any overbearing parent who thinks they can interfere in their adult child's affairs."

Sources said Olivia wants her parents to "say she had nothing to do with this, at the very least." *NE*

The slimming effect of stable blood sugar levels

The link between sugar consumption and increased body fat has long been known. Too much sugar in the diet promotes more insulin, the fat storing hormone, and thus more body fat. Mulberry leaf extract has been used for a while to promote healthy blood sugar levels, but can it also promote weight loss?

Recently, an Italian study of a sugar-block-ring supplement showed significant weight loss results.¹ The supplement, called Zuccarin, produced on average 20 pounds of weight loss, in the 90 day study.

The subjects lost 10% of their body weight, inches off their waistline and three times the weight of the control group, who was also on a 1300 calorie controlled diet, but not taking the Zuccarin supplement. In addition, the subjects also experienced healthier blood sugar levels after using Zuccarin.

Zuccarin™ from New Nordic is the no.1 selling mulberry leaf supplement in the world.

The explanation behind the weight loss could be that Zuccarin uses mulberry leaf extract and chromium to promote healthy blood sugar levels. Mulberry leaf has shown to reduce the absorption of sugars in the foods we eat. When these sugars are undigested, our blood sugar stabilizes and, according to experts, weight loss can occur.

1- "White Mulberry Supplementation as Adjuvant Treatment of Obesity", Journal of Biological Regulators and Homeostatic Agents., Vol 28, no.1, 2014. To make sure this product is right for you, always read the label and follow the instructions.

Available at participating pharmacies, health food stores and online. For more information or to buy directly from the manufacturer, call 1-877-696-6734 or visit our website www.newnordicusa.com.

Results may vary. Consult your doctor and read the label if you are diabetic or take medication for diabetes.

ZUCCARIN™ CHANGED MY LIFE

"I read about Zuccarin in a magazine and since I have blood sugar issues, I started taking this supplement. I have taken it for two years now and can't imagine being without it. I have seen my blood sugar levels stabilize and I have even lost 25 pounds since starting.

I recommended Zuccarin to a lot of my friends and they are now experiencing the same good results as I have. I love this product."

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

FILLS BACKYARD WITH NAKED MANNEQUINS AFTER BEING FORCED TO CUT DOWN FENCE

A CALIFORNIA man got revenge on a busybody neighbor by sticking a bunch of naked mannequins in his yard for everyone to see!

In the ultimate up-yours, Jason Windus of Santa Rosa threw a garden party for the nudies after he was forced to cut down his fence when a

neighbor complained.

"I don't know who it is, and I'm sure they're not going to come forward," Jason said. "And even if they do, this is just a statement for them — maybe mind your own business a little bit."

The brouhaha began after Jason erected a six-foot fence to keep his dogs in the yard.

But when cops got an anonymous complaint, he was ordered to cut the fence down by 36 inches or face coughing up a \$500 daily fine.

He trimmed the fence, then — proving he was

no one's dummy — set up his undressed guests, which he'd picked up when his moving company emptied out a clothing store.

"I couldn't bring myself to throw them away. I was going to use them for target practice," Jason said.

The mannequins sat in all their glory around a table with a severed head, adding

the final punctuation on the surprising scene.

Jason added a sign saying: "Reserved seat for the nosey neighbor that complained about my fence to the city."

Although Jason said his response may seem a bit extreme, he thought it was restrained.

"I guess the average person would cop a resentment and get all angry, but I threw a naked party in my yard," he said.

And that's how Jason Windus got an invitation to top this week's Odd List! **NE**
